Atomizer 510-Tank uses a scheme of work, like evaporators eGo-T and working with fillers "tank", effectively removing the need for wool in the cartridge that holds the liquid inside. In contrast, however, eGo-T, 510-Tank largely remain strong blow to the throat 510.
Like all "Tank" models, and this is a bit risky in terms of flow of liquid through atomayzera - as no wool, which keeps the liquid in the cartridge, the cartridge is sometimes possible leak, most often occurs with old magazines because the hole in the silicone earpiece extended usage. It is recommended to replace a new fillers. The good news is that small "tank" here takes significantly less of the big eGO-T.
Cartridges of the electronic cigarette Joye 510-T is more difficult to fill than the standard Joye 510 electronic cigarette, so it will be easier if you use a medical syringe with a thick needle (the pharmacy)
The kit contains:

- 2x 180 mAh battery * 510 pachni
- 2x 510-Tank evaporators **
- 5x 510 empty cartridges black ***
- 1x USB Charger Device
- 1x charger device for contact
- 1x user manual
- 1x cigarette cases

* A fully charged battery provides up to 250 activations. The charging time is 1 hour.
Evaporator ** depreciated about 10,000 activations and efficient operation of the electronic

cigarette need to be replaced periodically.
One *** loaded magazine provides up to 200 breaths, which is equivalent to 15 cigarettes smoked. Fillers can be recharged repeatedly with nicotine liquid.

Warranty:

6 months battery and charger devices in the kit. Note that the evaporators of all kinds of electronic cigarettes over time change transmission taste and the amount of steam - usually a period after which this happens or burned for about a month.
